

As a Unity Developer at Mobio Interactive

You will

- **Provide effective and accessible healthcare to every human**
- Develop highly tactile UX/UI for digital therapeutics
- Develop various therapeutic games and activities to enhance cognitive ability and combat mental illness in a deeply engaging and effective way
- Work directly with MI's founders within a young, energetic, focused, supportive and highly motivated team

You have

- Passion for data-driven excellence
- Unshakable integrity as required to work in healthcare
- Commitment to a transparent idea meritocracy
- Demonstrated exceptional ability and innovation

Requirements

- Minimum two years of experience with Unity mobile app development
- Strong understanding of object-oriented programming
- Adherence to well documented and maintainable code
- Knowledge of code versioning tools such as Git
- Strong knowledge of C#
- Foundational understanding of APIs

You will be

- Compensated relative to experience
- Working from our beautiful office in Tiong Bahru

To apply?

- Send letter of interest and CV by email to mi@mobiointeractive with the subject header "MI Unity Dev 2021"
